SUMMARY:

Seeking a MERN Stack Developer role in a dynamic organization to leverage my skills in full-stack development, problem-solving, and teamwork. Passionate about building scalable web applications and committed to continuous learning, innovation, and contributing to company success.

EXPERIENCE:

Global IT Providers || January 2024 – June 2025

MERN Stack Developer Intern

- Developed dynamic, responsive web applications using the MERN stack.
- Built & integrated RESTful APIs with Express.js and MongoDB for efficient database management.
- Enhanced user experience (UX) by implementing mobile-first, responsive designs.
- Collaborated with a cross-functional team to troubleshoot and optimize application performance.

SELECTED PROJECTS:

AI Feed

AI Feed – AI-Powered News Aggregator

- Developed a real-time AI-driven news aggregator, fetching news from multiple APIs and summarizing articles using Gemini AI.
- Integrated Firebase SSO authentication and JWT authentication.
- Utilized Redux Thunk for efficient API management and Zod for schema validation.
- Automated news fetching and processing using cron jobs, enhancing user engagement.
- Using Tanstack Query for Infinite Scrolling and Implemented Global Search Functionality.

FoodToHome

Food Order – Food Ordering Application

- Designed & built a full-stack food ordering app using React.js, React Hooks, and Context API.
- Styled UI with Bootstrap, MDB React UI Kit, and implemented React Router for navigation.
- Developed a secure backend with Node.js, Express.js, and MongoDB.
- Implemented authentication with bcrypt and file uploads via Multer.
- Enhanced UX with React Hot Toast notifications and LocalStorage for session persistence.

SKILLS:

- **Programming Languages:** HTML, CSS, JavaScript
- **Frontend:** React.js (Hooks & Redux), Bootstrap, Tailwind CSS, Mantine, Framer Motion
- **Backend:** Node.js, Express.js, Authentication (JWT & Firebase)
- **Database Management:** MongoDB, Mongoose, CRUD Operations, MySQL
- **Other Skills:** RESTful APIs, Web Performance Optimization, Vercel, Render, AWS

EDUCATION:

Bachelor of Technology (B.Tech) CSE

Shri Bhawani Niketan Institute of Technology & Management

CERTIFICATION:

MERN Stack Developer Trainee || 2024

Grras Solution Pvt. Ltd.
